

PAEMS

PRE-COLLEGE ACADEMIC EXPERIENCE IN
MATH & SCIENCE
JUNE 16 TO JUNE 28, 2019

Held on the beautiful campus of **Georgetown College** in Georgetown, KY, participants preview college life as they work alongside Georgetown faculty to explore **advanced topics in math and science**.

- **Enrollment** is limited to no more than 26 students to promote effective interaction between students and faculty.
- A diverse curriculum includes modules in **Astronomy, Biology, Chemistry, Environmental Science and Ecology**, and **Mathematics, Statistics and Computing**.
- Classroom and laboratory experiences are complemented with field trips to science-related destinations such as the Cincinnati Zoo and Botanical Gardens, the University of Kentucky MacAdam Student Observatory, and a full-service equine hospital. Hiking, picnicking, and other activities are also included.
- Tuition is **\$700** for the 13-day program. This includes most meals and on-campus housing in an air-conditioned dormitory. Some need-based grants are available.

We will continue to accept applications until all positions are filled.
